2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

"The mission of Palm Lane Global Academy to provide high-quality STEAM-based education in a digital learning environment to empower students to meet and surpass grade-level standards. Our students will be provided a well-rounded education with a focus on science, technology, engineering, arts, and math to accelerate learning in their areas of strength and interest. Students will successfully meet the Common Core Standards through instruction that is tailored to meet their unique needs by engaging in inquiry-based instruction. Palm Lane Global Academy is committed to providing our students with the tools to meet the learning styles of our students. Using STEAM as a theme, we will incorporate inquiry-based instruction along with state of the art technological advances so our students will leave as productive citizens and proficient learners ready to address 21st-century challenges."

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The school campus is in very good condition. All major building systems including gas, water, sewer, and electrical are in good condition. Major mechanical systems including lighting, air conditioning, and heating are functioning normally. Floors, ceilings, walls, and windows are all in good condition. No missing tiles, graffiti, damaged walls, or peeling paint are visible. All student and staff eating areas are kept extremely clean. Pest or vermin infestation is not evident nor observed. Restrooms are cleaned regularly and stocked with paper towels and soap as needed. Drinking fountains are all working normally and have no leaks. There are fire extinguishers and safety signs all within regulation. All custodial equipment and supplies are compliant and stored in locked cabinets or closets. Fire and safety systems are all functioning normally. The school has emergency plans for fire, earthquake, and lockdown situations. The campus gates are all in good repair and the parking lot is clear and able to accommodate all parking needs and emergency vehicles if required. Palm Lane replaced portions of rubber under the apparatus on the large playground. Palm Lane also had implemented a single-point-of-entry protocol so that all visitors must enter the campus through the main office and be officially checked in.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

Mathematics (grades 3-8 and 11)	22	28	24	23	35	37

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent participation is also the pinnacle to Palm Lane’s success. Parents are invited to actively and regularly engage in their child’s academic experiences. Having a dedicated teaching staff, committed support staff, and an active parent population makes Palm Lane a wonderful place to serve and learn. The students at Palm Lane are pioneers in their own time as they navigate through these unprecedented times will remaining committed to being respectful and responsible.

2025-26 School Safety Plan

The safety of each student s a priority at Palm Lane Global Academy. The school's administration and campus safety teams work diligently to ensure that all staff members are equipped with the necessary knowledge and procedures for an emergency as delineated in the Palm Lane Global AcademySafety Operations Plan. The emergency plan follows the steps as recommended in the Guide for Developing High-Quality School Emergency OperationsPlan (FEMA, 2013).

Fiscal Year 2024-25 Types of Services Funded

Palm Lane offers additional programs beyond the traditional K-6 model. Palm Lane's Transitional Kindergarten program gives select 5-year-olds the opportunity to experience an additional year of kindergarten readiness. This gives students ample time to transition more smoothly into Kindergarten after having a year to acquire basic Kinder-readiness skills. Palm Lane uses general funds, Title I, and Title III funds to provide support to its Transitional Kindergarten program.

Robotics and STEAM (Science, Technology, Engineering, Arts, and Math) are pinnacle additions to Palm Lane's instructional program. Using small robots called Cubelets and Oz bots, students in grades TK-6 learn and practice how to code, solve problems, collaborate, and present ideas. These tasks not only teach students how to think critically but also provide additional opportunities to practice math skills. Palm Lane also uses Meet the Masters to teach students about Art. Students learn about past artists, and they are provided with art materials to reproduce the art that they learn about.

All learners at Palm Lane have access to high-quality instruction. Palm Lane's RSP Program is designed to ensure that students who need additional learning and behavioral support are given opportunities to access the curriculum and enjoy all of the programs that Palm Lane offers with barriers. We contract with outside providers to provide psychological, speech, and counseling services in support of student IEP goals. So that we can ensure no student's needs are unmet, Palm Lane has a Student Study/Success Team whose sole mission is to work with teachers to identify student concerns well in advance of those concerns turning into barriers to learning. The SST team meets up to 3 times a year for each Student identified to set goals, monitor progress on goals, get feedback from parents and teachers, and put supports and systems in place to help students succeed.
