2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The school facility is in great condition. All major building systems are functioning properly and are in good condition (gas, sewer, electrical, and water). The systems are maintained regularly and preventative maintenance is conducted for most systems.

Major systems are adequate and no unusual noises, humming or flickering of light has been observed.

Floors, ceilings, walls, and windows are in good condition.

No cracks or obstructions of any kind.No missing tiles, graffiti, peeling paint, or damage.

Pest and vermin infestation is not evident and were not observed.

All student and staff eating areas including the kitchen are kept in extremely clean condition.

The school has 11 student and adult restrooms which are all accessible throughout the day.

All toilets, sinks are functional and restrooms are well-stocked with paper and soap.

Restrooms are cleaned three times per day and as needed.

Drinking fountains are all functioning and have no leaks.

No hazardous materials were observed in the interior or exterior of the campus that could pose a danger to students and staff.

School Facility Conditions and Planned Improvements

All custodial equipment and chemicals are compliant and are stored safely in locked closets/storage.
Fire and safety systems appear to be functioning properly.
The fire alarm system underwent passed testing and inspection.
There are adequate fire extinguishers and safety signs.
The school has posted emergency exit plans as well as a comprehensive emergency plan for fire, earthquake, and lockdown situations.
The facility structure appears to be in good condition.
No cracks or leaks were observed.
Roofs are in condition with no apparent damage.
New roofing has been installed along with solar panels for a greener campus.
Windows, fences, and gates are all in working condition and well maintained.
All internet wiring and network are renewed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent Involvement

A critical dimension of effective schooling is parent involvement. Research has shown conclusively that parent involvement at home and in their children’s education improves student achievement. Furthermore, when parents are involved at school, their children go further, and they go to better schools.

IMPORTANT FACTS

1. Families provide the primary education environment.

2. Parent involvement improves student achievement.

3. Parent involvement is most effective when it is comprehensive, supportive, long-lasting, and well-planned.

4. The benefits of parent involvement are not limited to early childhood or the elementary level; there are continuing positive effects through high school.

5. Involving parents in supporting their children’s education at home is not enough. To ensure the quality of schools as institutions serving the community, parents must be involved at all levels in the schools.

6. The extent of parent involvement in a child’s education is more important to student success than family income or education.

7. We cannot look at the school and the home in isolation from one another; families and schools need to collaborate to help children adjust to the world of school. This is particularly critical for children from families with different cultural and language backgrounds.

Parent Participation Policy (PPP)

Vista Charter Public Schools recognize that, when schools and parents form strong partnerships, our children’s potential for educational success improves significantly. Teachers and school administrators become more aware of parent and community expectations and may implement their suggestions regarding programs and operations.

Parents learn the scope of the school’s instructional program and set high expectations for their children. As a result, schools can better focus on student growth and success.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

2025-26 School Safety Plan

Vista Charter Middle School works diligently to make sure that students and staff are prepared for an emergency. We have a detailed Emergency Plan that provides guidance for the school staff in an emergency. The Emergency Plan is reviewed annually with all teachers and staff. Our school conducts emergency drills that meet or exceed the state-mandated requirements and accommodate persons with disabilities. Regular drills are a part of a school's activities.

Our school conducts the following types of drills:

- Fire Drill
- Earthquake or Emergency Drill
- Protected Campus or "Lockdown" Drill
- Duck, Cover and Hold Drill
- Take Cover Drill
- Active Shooter Drill

Parents are asked to make sure that their students actively participate and take these drills seriously. These drills make the school the safest place for students during an emergency. In addition to conducting regular drills, we stock emergency supplies to sustain students and staff. These supplies include the following:

- water
- food
- first aid supplies
- search and rescue supplies
- sanitation items

These supplies are checked regularly by school staff and inspected by the Office of Environmental Health and Safety inspectors.

Professional Development

Professional development is an important part of teacher and learning at Vista. As a community of lifelong learners, all Vista staff meet on a regular basis for training and collaboration.

Teachers meet on a weekly basis to participate in an ongoing cycle of professional development. School-wide focus areas were selected based on assessment data, and teachers participate in PD to learn about these focus areas and plan for implementation. The weekly PD structure consists of a content presentation for learning, structured collaboration, and group work time. Teachers also participate in 10 additional all-day PD days focusing on Cooperative e Learning strategies and our Social Emotional Practice, Way of Council.

The leadership team participates in monthly meetings with the Superintendent. Additionally, they participate in off-site trainings and conferences to support learning and information dissemination to staff.

This table displays the number of school days dedicated to staff development and continuous improvement.
