LOTTERY PROCEDURES

All 6th, 7th and 8th new students:

Parents/guardians may complete an electronic lottery application during the open enrollment window.

Incoming 6th grade students:

If fewer than 140 lottery applications are received on 1/16/2026, parents/guardians will be notified of their child's acceptance and invited to complete the online enrollment registration form.

If on 1/16/2026 more than 140 lottery applications are received, an electronic enrollment lottery will be held on 1/20/2026 at 4:00 PM via PowerSchool Enrollment Application. This process will randomly select 140 students for enrollment. Students not selected for the first 140 seats will be placed on a waiting list and contacted for enrollment if and when any seats become available.

Incoming 7th and 8th grades students:

If on 1/16/2026 the combined number of previously enrolled students and new lottery entrants is less than 140, parents/guardians of new students will be notified of their child's acceptance and invited to complete an enrollment-registration form.

If on 1/16/2026, the combined number of previously enrolled students and letters of intent are more than 140 at each grade level, an electronic enrollment lottery for incoming students will be held on 1/20/2026 at 4:00 PM by PowerSchool Enrollment Application. This process will randomly select students to be enrolled to fill the remaining open seats after previously enrolled students are confirmed.
